Private Donation Received for Additional Hike/Bike Trail Amenities

The City of Kearney is pleased to announce receipt of a private \$430,000 donation to fund various bike trail related improvements. Improvements will include trail signage, water stations, shade structures, benches and trail lighting. Additionally, a portion of this funding will be used to construct a large shelter near The Archway along the new portion of trail currently being installed.

These improvements will significantly enhance the existing bike trail system which is already one of the finest in Nebraska. Also, the City is finalizing plans to provide trail connectivity from Cherry Avenue to the Fort Kearny bike trail. Once completed, walkers, joggers, and cyclists will be able to travel over 12 miles from Cottonmill Park to Fort Kearny State Park.
