

# New Central Nebraska Veterans Home

The Central Nebraska Veterans Home is being constructed in Kearney with scheduled major completion in the fall of 2018. To honor Nebraskans who served, fought, and died for this great nation, the Central Nebraska Veterans Memorial committee is raising funds to construct a fitting memorial on site at the Central Nebraska Veterans Home.

# Veterans Memorial

As a committee, we have designed a memorial based on an educational and historical perspective to honor those who have served in all military branches of service and military conflicts undertaken by this great nation beginning with the Civil War.

## **SERVICE STONES:**

Approximately 16 feet tall, 8 feet wide, 3 foot thick concrete pillar covered with 1.5 inch thick granite tiles. Each service stone will have the appropriate branch of service symbol and a detailed factual historical description of that service.

## **CONFLICT STONES:**

Approximately 8 feet tall, 6 feet wide, 2.2 foot thick concrete pillar covered with 1.5 inch thick granite tiles. Each conflict stone will include a plaque describing in detail its factual history.

# Veterans Memorial

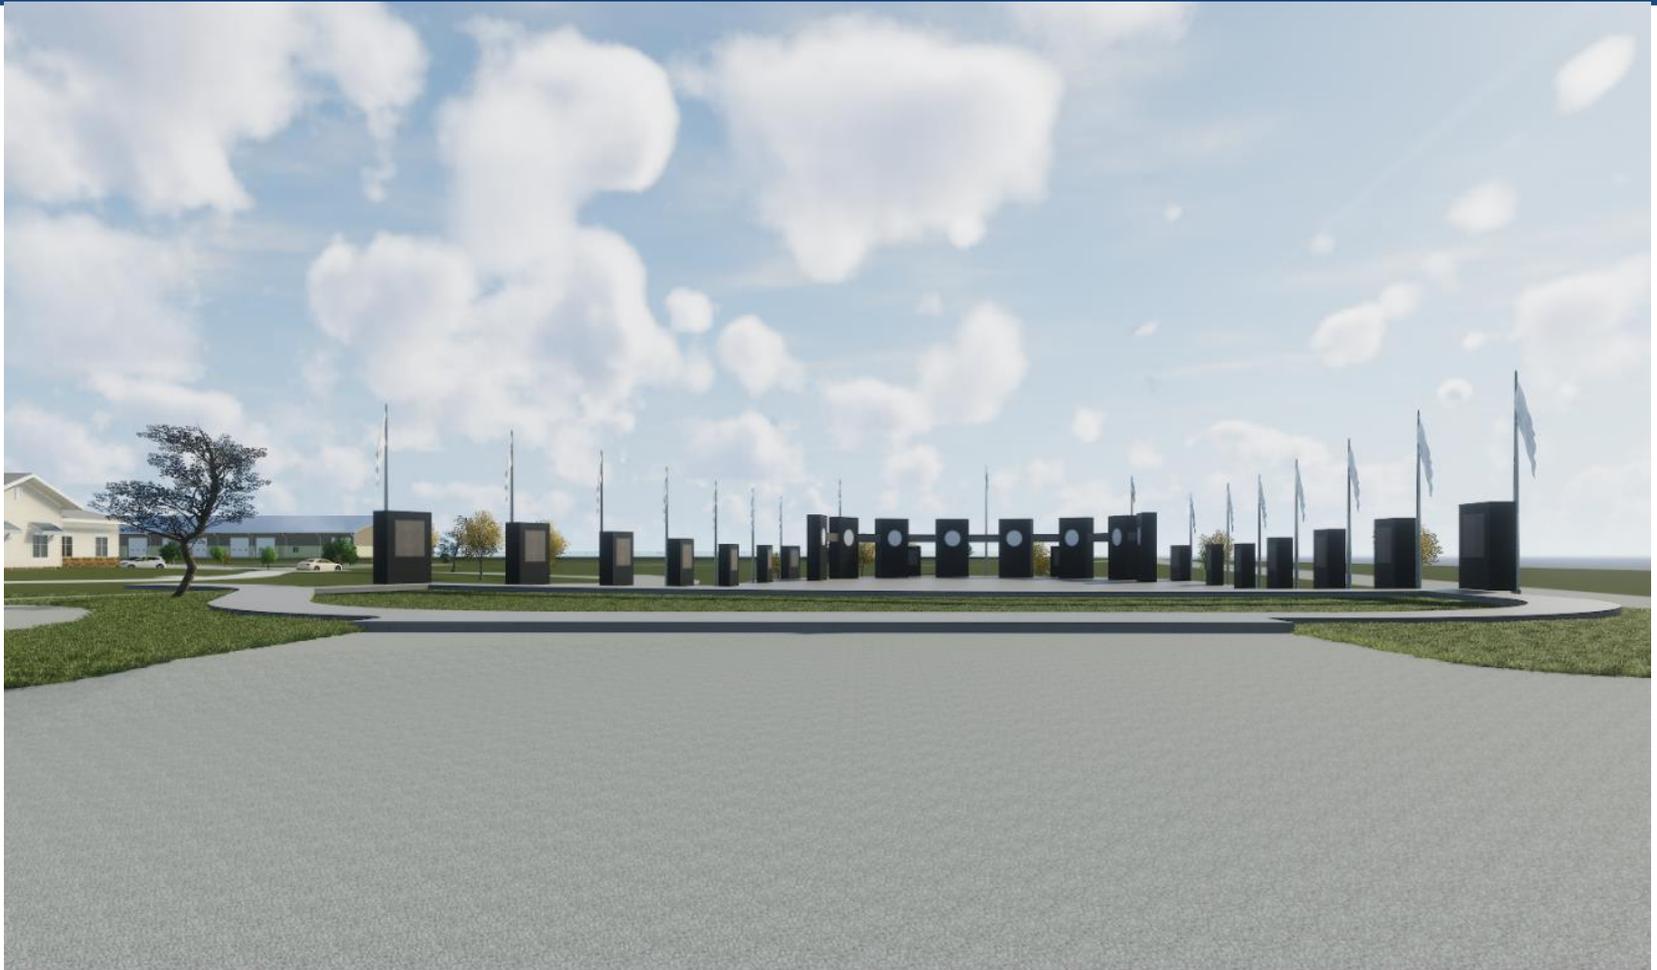

The Central Nebraska Veterans Memorial is scheduled for major completion in the fall of 2018 .

The Central Nebraska Veterans Memorial is estimated to cost 2 million dollars, which includes construction and the creation of an endowment to maintain the structure for it's lifespan. Actual cost is dependent upon anticipated in-kind donations of materials and labor.

CENTRAL NEBRASKA VETERANS HOME MEMORIAL

FROM PARKING LOT (16' PILLARS)

# Veterans Memorial

This is a very impressive structure, designed for Veterans, by Veterans and, we as a committee believe the general public will be impressed by it's somber beauty, along with the educational and historical aspects within. The Central Nebraska Veterans Memorial will occupy land approximately 173 feet wide by 100 feet deep. It is dedicated to all Nebraska Veterans.
